

## Intern Scholarship Budget Worksheet

Your budget should only contain expenses related to your internships. Regular monthly expenses such as rent, groceries, etc. are not eligible. Only include financial resources that you plan to use to support your internship. If you take out loans or receive grants/scholarships to support your regular study at UT, do not include these resources. You also do not need to include personal savings or family contribution unless you plan to use them to support your internship or to make up lost wages. **Please type your budget information into the form below. Handwritten budgets will not be accepted.**
